DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 19-23 are rejected under 35 U.S.C. 102 (e) as being anticipated by Greenhalgh (U.S. 6,391,037).

Greenhalgh shows in figures 5-7, a device having all the limitations of claim 19, including: a sac (42) configured to receive an introduction of material so as to create an increasing internal pressure that increases a radial dimension of the sac (see col. 3, lines 1-41).

Regarding claims 20-21, wherein the sac (42) is formed by the polymer material (labeled in col. 3, lines 42-50); and wherein the sac is releasably connected to an elongate delivery member (26).

Regarding claims 22-23, wherein the sac (42) is perforated and has an expanded radial dimension to bridge a neck (30) of an aneurysm (20).

Response to Amendment

2. Applicant's arguments filed 11/10/2003 have been fully considered but they are not persuasive. Applicant's arguments with respect to claims 19-23 have been considered but are moot in view of the new ground(s) of rejection as discussed above.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

U.S. Pat. No. 6,344,048 to Chin

U.S. Pat. No. 6,428,558 to Jones

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
